Dear Friends,
here we are!

First of all, a greeting from a new elected Council. The team is renewed with three new faces: Marco Borea, Massimo Giacon e Saverio Cianchini. We have already realized how difficult it will be to keep their enthusiasm listening their ideas and their desire to do. The meeting at dinner after the assembly was a particularly special moment; at the presence of a large group of Members, Michele Ballarin outgoing president after two terms as required by the bylaws, he praised the work of the club and thanked the Members for their constant presence in the various initiatives. He then symbolically passed the witness to the undersigned who, no less emotionally charged, has debuted with two words of thanks for the trust granted, with the wish to succeed, as a successor, to maintain high quality results so far achieved.

It is under this auspice that we will face the Club's future with a renewed will to satisfy everyone's wishes, trusting in the commitment and passion of the whole team.

Starting next year, we'll have an agenda characterized by numerous initiatives such as: 1) the participation with one of our stand at the CEREAL (Verona) Exchange Exhibition on 19th and 20th January; 2) a Sunday Spring Meeting valid for the first IMASAF Trophy; 3) the 49th International Meeting in the Centenary of the ZAGATO and for the 4th Anniversary of the Club in June; 4) there will be a second Sunday Meeting in September and, to be ambitious, we are thinking about an Autumn event in Rovigo area, the place where Ugo Zagato was born to recall his memory.

We have many projects in the basket on which we are working knowing that we are an important Club alive and full of interest, which is gathering more and more support both in Italy and abroad.

With this feeling and in that atmosphere of friendship, it is a pleasure for me to formulate to all of you the best wishes for a Merry Christmas and a very happy New Year.

The President

Below you can read the draft that may be subject to change in some detail due to possible last-minute organizational needs. However, the palimpsest gives a clear vision of the four day activities. Members who are up-to-date with the membership card and Zagato car owners, who wish to take part to our initiative, are eligible for the participation fee that will be increased by the amount of the registration to the Club.

It will be a kermesse that will involve crews from all over Italy but also from abroad. We suggest to join the all package not to miss moments of significant emotion.
